1 Investments in foreign securities may involve different and additional risks associated with foreign currencies, investment disclosure, accounting, securities regulation, commissions, taxes, political or social instability, war or expropriation.

2 Small Company stocks generally have higher risk and return characteristics than large-company stocks.

3 Mid Cap stocks generally have higher risk and return characteristics than large-company stocks.

4 S&P is an unmanaged index. "Standard & Poor's", "S&P", "Standard & Poor's 500" and "500" are trademarks of the McGraw-Hill Companies, Inc. and have been licensed for use by Hartford Life Insurance Company and its affiliates. This investment option is not sponsored, endorsed, sold or promoted by Standard and Poor's ("S&P") and S&P makes no representation regarding the advisability of investing in this investment option. S&P is an unmanaged index not available for direct investing.

The Hartford is The Hartford Financial Services Group, Inc. and its subsidiaries, including issuing company Hartford Life Insurance Company.

The *Possibilities* program is funded by a group variable funding agreement contract (HL-16553 and HL-16553 (NY)) issued by Hartford Life Insurance Company (Simsbury, CT).

This presentation must be preceded or accompanied by disclosure documents (including the Program Overview, Program Highlights and applicable historical investment option performance information). Read this material carefully before you invest or send money.

'@ The Hartford's program offers you the opportunity to contribute to investment options available under a group variable annuity contract. The investment options are sub-accounts that, in turn, invest in the underlying fund. You do not invest directly in any of the mutual funds. The ticker symbols listed below apply only to the underlying mutual fund. Public information accessed using these symbols will not reflect any applicable charges at the sub-account level or charges under the group variable annuity contract.
