## Central Park Play Area and Park Restroom Replacement

for

### Design Presentation and Community Input

7:00 p.m. to 8:30 p.m., Wednesday, August 15, 2012

Castle Green

99 South Raymond Avenue

As part of the implementation of the Central Park Master Plan, the existing play area and park restroom are being replaced and upgraded. The play area will be expanded and include more play opportunities. Additional amenities such as benches and picnic tables will be included. The park restroom will be relocated to the western side of the park and upgraded to current City standards.
